Description

This three-bedroom house offers excellent potential, a large garden and rare rear access — an exciting opportunity for buyers looking for a project to make their own.

The accommodation begins with an entrance hall, ideal for coats and shoes, opening into the main hallway with useful storage under the stairs. To the front is a sitting room with a bay window, while to the rear, there is a kitchen with access to the garden and a separate dining room alongside — a layout that lends itself well to being opened up into a more modern space.

Upstairs there are three bedrooms, including two generous doubles and a single, along with a family bathroom. The property retains some charming original features that could be restored, while also offering excellent potential for modernisation. The property benefits from double glazing, and the vendor advises that a combination boiler was fitted around three years ago, with the roof re-felted, re-battened and re-tiled in 2021.

Externally, there is a walled front garden. The rear garden is south-easterly facing, a generous size, and benefits from lane access, offering the potential to create off-street parking while still retaining plenty of outdoor space. There was originally a garage to the rear, and many neighbouring properties have off-street parking or garages along the same road.

This property represents a superb opportunity for refurbishment and investment.

Council Tax Band: C

Tenure: Freehold
