Description

Set across multiple floors and extending to approximately 1,700sqft the property provides flexible living space and a layout well-suited to modern family life.

The ground floor comprises a welcoming entrance hallway leading to a bright living room, separate office/study, and a dining room connecting through to the kitchen. To the rear, a long laundry/utility room offers additional practical space with scope for reconfiguration or extension (subject to permissions).

The cellar level provides useful storage or potential for further development, measuring approximately 10'1" x 10'6", ideal for conversion into additional living accommodation, a home gym, or workspace (STPP).

Upstairs, the first floor features two well-sized bedrooms, a further office/bedroom, and a family bathroom, while the second floor offers additional bedroom space and bathroom facilities, making the property suitable for growing families or multi-functional living arrangements.

While the home is structurally spacious and full of character, it is clear that the property requires modernisation throughout. Kitchens, bathrooms, and décor would benefit from updating, presenting an excellent opportunity for buyers to add value and tailor the finish to their own taste.

Externally, the property benefits from off-street parking and a traditional façade, enhancing its kerb appeal.
