Description

*****Sold Via Online Auction*****

Pattinson Estate Agents are pleased to offer for sale this substantial four-bedroom terraced property situated on Leven Street, Saltburn-by-the-Sea. Offering generous accommodation arranged over three floors, the property presents an excellent opportunity for investors, developers or purchasers looking for a renovation project within reach of Saltburn's town centre and popular beach.

The property has undergone partial refurbishment, including the installation of new windows, although a significant programme of works is still required to complete the accommodation. Solar panels are also installed and are owned outright rather than subject to a lease. The property was previously arranged as a five-bedroom home, with planning permission granted for conversion to a four-bedroom layout. Works have commenced in accordance with the proposed scheme, which also includes permission to create en-suite facilities to Bedrooms One and Two. Prospective purchasers should satisfy themselves as to the current status and details of the relevant planning permissions.

The accommodation currently comprises an entrance leading into the hallway, lounge, separate dining room and kitchen area. The kitchen has been removed as part of the refurbishment works and will require reinstatement. There is also an additional area offering potential for a utility room/W.C. in line with the proposed layout. To the first floor are three bedrooms and the bathroom area, with the existing bathroom suite having also been removed during the renovation. The second floor provides the principal bedroom, with the approved plans allowing for further improvements to the accommodation. Externally, the property benefits from an enclosed courtyard to the rear, with on-street parking available to the front.

Leven Street is conveniently positioned for the amenities of Saltburn-by-the-Sea and within reach of the seafront and beach. With much of the preparatory work already started, this is an exciting opportunity for a purchaser to complete the refurbishment and create a substantial four-bedroom home or investment property.

Early viewing is recommended to appreciate the size, layout and potential on offer.
