Description

Nicely positioned within the highly popular Fenwick Park development, located on the outskirts of Bedlington. CIRCA 2025, the home is practically new but with all the extras upgrades the sellers have invested in. It's a blank canvass for a new owner and offers a lovely light and airy feel throughout.

The ground floor reception room and generous sized dining kitchen can either remain separate or combine; the latter allows the natural light to flood and flow into space. The dining kitchen, situated at the rear, is fitted with a stylish range of units and integrated appliances. French doors bring the outside in and the westerly aspect offers the daytime and evening sunlight. A utility room and cloakroom WC complete the ground floor accommodation.

The staircase, which leads from the entrance hall takes you to the upper level and a spacious landing. All the three bedrooms are well proportioned, two of the rooms have their own fitted sliding door wardrobes and the main bedroom has its own en-suite shower room. The principal bathroom consists of a white three piece suite.

Parking is not an issue with a double width driveway located at the front of the building. The rear garden is nicely enclosed and comes with a useful shed, water butt and outside tap.

The seller has informed us the PIV ventilation unit which has been installed will be included within the sale. Solar panels and EV charger.

This modern development has been hugely popular mainly due to its ease of access into the historic town and the ample green space surrounding.
