Description

For sale via auction - fees, terms and conditions apply.

Thirteen impressive apartments situated on the edge of Leeds City Centre, close to Universities and Hospitals, within a Grade II listed Georgian Villa once the home of eminent physician John Deakin Heaton currently operating as high end serviced accommodation. Featuring off street parking for 10 vehicles (additional parking could be created subject to necessary planning permissions being granted), an impressive galleried landing entrance hall with feature floor tiles and roof light, large storage cellars with potential for further development (subject to necessary planning permissions and building regulations being granted), impressive character features throughout, every apartment features a modern kitchen area with kitchen island including integral appliances: Fridge with freezer compartment; wine fridge; washer dryer and dishwasher, and modern bathroom/shower room. Individual design in each of the apartments provides different styling options for each occupant. The building is currently operated as a "hands off" investment with cleaners and management in place but new owners could increase profit margins further by resuming some of the management roles, encouraging direct bookings free of commissions and potentially increasing parking spaces or accommodation options.

This superbly located historical property offers a wealth of potential and possibilities for the right investor.

The property freehold is held within a SPV limited company and the company can be purchased with the property within it if the purchaser desires.

Gross income for 2024 £338,493.09 Gross income for 2025 £317,356.29.

Please note we have not inspected this property.
